Sectors Catered

With a focus on luxury and sophistication, DSC Interiors Pvt. Ltd. caters to a wide array of sectors, including high-end hotels, luxurious residential properties, villas, exclusive brand retail outlets, commercial malls, and corporate business parks. Whatever your vision, we bring it to life with excellent craftsmanship and attention to detail.

Project Lifecycle

FROM VISION TO REALITY

INITIAL CONCEPTS

We begin our journey by presenting tailored design concepts that align perfectly with your vision and requirements. This stage sets the groundwork for the unique and personalized approach we will take throughout the project.

CREATION PHASE

Our on-site work begins alongside factory manufacturing of bespoke furniture pieces. This dual approach ensures that while the site is being prepared and constructed, the custom elements are being crafted to fit perfectly into the design.

QUALITY ASSURANCE

Throughout the process, we conduct rigorous measurements and bill-checking to ensure every detail adheres to the agreed specifications. This step is vital for maintaining quality and accuracy in the implementation of the project.

SPACE EXPLORATION

Our team conducts a detailed site visit to understand the physical context and nuances of your space. This is crucial for ensuring that our design and execution are perfectly adapted to the site's specific characteristics and challenges.

DESIGN DETAILING

We then prepare detailed layouts and Bills of Quantities (BOQs), which provide comprehensive details about materials, costs, and timelines. This meticulous planning helps in maintaining transparency and sets the expectations for project execution.

FINAL TOUCHES

The culmination of our process is the handover of the project. At this stage, every element is reviewed, and finishing touches are applied to ensure the space meets your expectations and our standards of excellence.
